CIM - Cyprus Business School

CIM-Cyprus Business School was established in 1978 in Nicosia as The Cyprus Institute of Marketing and has been operating also in Limassol since 1984. Originally set up to promote the science of Marketing in Cyprus and abroad, during the last 45 year CIM-Cyprus Business School has evolved into an all-round Business School, offering an array of programmes at both Undergraduate as well as Postgraduate level – from Marketing, Business, to Accounting and Finance, Shipping, and Human Resource Management, Law, Hospitality Management and other.

Over the years, CIM-Cyprus Business School has provided the opportunity to more than 10,000 students to acquire acclaimed qualifications and fulfil their aspirations. A lot of our students are individuals who had missed out, for one reason or another, on the opportunity to study after graduating from secondary school, yet who always had the desire to pursue learning, gain further knowledge and qualifications, and advance their careers. Though CIM serves students of all ages and all walks of life, we still offer evening classes exclusively – in order to cater for the needs of working individuals. We still put emphasis on combining theory and practice and remain committed to offering the best and most accessible education at the most affordable fees.

The aims of this programme are to increase and refine the management and marketing skills of the students, most of who will already be in management posts. Superior management is the product of certain attitudes, knowledge, and skills that combine in unique individuals who contribute to an organisation's survival, growth, financial returns and continuous adaptation to changing circumstances. The course is precisely concerned with identifying and helping produce such attitudes. Our Lecturers are inspiring and continuously alert to changes in the business world. As firms in Cyprus and abroad face the challenges of the 21st century, there continues to be a need for increased numbers of managers and executives who have a holistic view of how successful organisations are structured and managed.
