CIM - Cyprus Business School

CIM-Cyprus Business School was established in 1978 in Nicosia as The Cyprus Institute of Marketing and has been operating also in Limassol since 1984.

Originally set up to promote the science of Marketing in Cyprus and abroad, during the last 45 year CIM-Cyprus Business School has evolved into an all-round Business School, offering an array of programmes at both Undergraduate as well as Postgraduate level – from Marketing, Business, to Accounting and Finance, Shipping, Human Resource Management, Law and other.

Over the years, CIM-Cyprus Business School has provided the opportunity to more than 10,000 students to acquire acclaimed qualifications and fulfil their aspirations. A lot of our students are individuals who had missed out, for one reason or another, on the opportunity to study after graduating from secondary school, yet who always had the desire to pursue learning, gain further knowledge and qualifications, and advance their careers. Though CIM serves students of all ages and all walks of life, we still offer evening classes exclusively – in order to cater for the needs of working individuals. We still put emphasis on combining theory and practice and remain committed to offering the best and most accessible education at the most affordable fees.

➤ BA (Hons) Accounting & Finance 3 Years FT (Nicosia / Limassol)

You will learn all the principles of accounting and finance, while developing the key skills to excel in the financial marketplace. Our tutors are professionally qualified and work in the industry, giving you the benefit of their experience and knowledge. On this course, you will learn the principles of accounting and finance, while developing the key skills you need to succeed in the financial marketplace. When you graduate, you will gain maximum exemptions from professional exams - no institution offers more exemptions from the Association of Chartered Certified Accountants (ACCA) exams. You will also develop the practical skills essential for success in your chosen career. In five years, you can earn a prestigious Honours degree together with a professional accounting qualification.

Course Overview

If you want to succeed in accounting or finance then you need to learn the fundamentals of accounting and finance and there's no better place to do this than on the BA (Hons) Accounting and Finance course at UWL. By giving you the information, the tools, the techniques and the experience needed to devise creative solutions to the full range of accounting and finance problems, this three-year course gives you a real foot in the door of this competitive world.

Accounting, as a subject, is constantly changing and in order to adapt to the needs of modern-day business, we know how essential it is that this course also develops to keep up with these changes.

The course provides the maximum exemptions (9 papers) from the ACCA examinations.

CIM-Cyprus Business School is Institutionally Approved by the University of West London as the exclusive partner for Cyprus since 2011.

#1 British University in Cyprus

Teaching Methods

How you learn is almost as important as what you learn, and it is our job to ensure we give you all the information you need in as interesting and varied a way as possible. So there will be lectures, seminars, tutorials and workshops, where you will listen, learn, discuss and gain hands-on experience of how business and finance work. We aim to combine traditional academic teaching with up-to-date training in the skills needed to be successful in the modern world.
